# LEADERSHIP

Leadership is cultivated here at Clayton homes. Anyone that puts in hard work and effort can rise up to a leadership position.

## WHAT WE DO

At Clayton Homes (a subsidiary of Berkshire Hathaway), we manufacture houses, college dormitories, military camps and apartments. Our homes are built at the company's plants and sent to families throughout the US.

# ENVIRONMENT

At Clayton homes, we offer a fast paced, but very friendly work environment. Many people say our coworkers are easy to get along with.

# WORKING CONDITIONS

We provide good pay, and we present many benefits including health, and dental insurance. Not only are our workers issued vacation days and weekends off, we provide fun activities, consistent hours, and we always provide plenty of work, so you will never be out of a job!

# CAREERS AVAILABLE

Coordinator  
Designer  
Developer

modations for persons with disabilities in the hiring process. If you is know, and we will provide assistance.

Date of Application		Date
First Name	Middle Initial	
City	Years of age or over?	
Date of Birth		

## CUSTOMERS

Our customers tend to look for less maintenance, ability to pick features and lots, and cheaper prices. Our homes offer customization to fit your wants and needs.

## MANUFACTURING

Homes delivered: 47,570

Miles of electrical wire:  
20,778

Can lights: 296,000

Tons of steel: 55,384

Sq-ft of carpet: 46,810,792

Tons of waste delivered  
from landfills: 21,168

# ENERGY EFFICIENT FEATUERS

Each of our homes are designed to be energy efficient and include low-emission windows, high performance floor, wall, and roof insulation, sealed ductwork, and as of 2018, wi-fi smart thermostats. These features are standard in every home we produce. These features offer attainable ways to cut down on energy bills in low income homes.

## SUSTAINABILITY

Here at Clayton Homes we are devoted to leaving the world a better place than we found it. This is why producing our products sustainably is very important to us. We are constantly taking extra steps to keep our production sustainable.

Some of these extra steps include: monitoring building materials closely, dust control, waste reduction, recycling, and off site construction. We are dedicated to protecting the environment for our team, and our neighbors.

# Why Clayton Homes?

Having a modular home can be very helpful if you have a job that causes you to move around a lot such as the military. You can stay in the comfort of your own home and be in a completely different environment.

Another reason it can be beneficial is our modular homes need less manufacturing, and cost less. You will also be the first person to inhabit that home, so you don't have to worry about what previous owners may have done to the place.

You can also buy a modular home if you can't put a down payment of a traditional house. Modular homes are also obtainable if you have bad credit!
